

Contacta Liquid Special 30g

Category:

Revell Adhesives and Accessories

Product Name:

Contacta Liquid Special 30g

Product Movie URL:

Product Description:

Revell Contacta Liquid Special 30g is a special chrome bonding agent which is also suitable for many other materials. It prevents the welding effect. It is even suitable for using on clear parts, such as windows and cockpits, because it does not attack transparent material. 'Revell Contacta Liquid Special' also bonds metal, wood, paper, card-board, glass and textiles with plastic as well as with each other. Manufacturer: Revell Model: 39606 Contacta Liquid Special 30g
