

Waveney Class Lifeboat

Category:

Billings Wooden Ship Models

Product Name:

Waveney Class Lifeboat

Product Movie URL:

Product Description:

The Billings Waveney Class Lifeboat is a wooden ship model accurately recreates the real life vessel that was built at the Coast Guard shipyard in Curtis Bay, Maryland, USA. After minor adjustments the vessel is now doing duty in British coastal waters for the Royal National Lifeboat Institution. This former 44-foot Coast Guard is a very seaworthy lifeboat, designed to carry out search and rescue assignments in poor weather and water conditions. With a skilled and experienced crew, this vessel can carry out the most demanding of rescue operations. This wooden boat kit is ideal for the beginner. Manufacturer: Billings Model: B101 Waveney Class Lifeboat Scale 1/40
