Product Description:

The Bravo Delta Models Concorde British Airways Drop Nose - Classic Livery in 1/100 scale is another example from this superb wooden aircraft model collection. Bravo Delta Models are exceptional museum quality wooden aircraft models and are faithfully reproduced in kiln dried Mahogany. Each is carved, joined and sanded by hand. The deep, rich finish that distinguishes these models from others is created by the application of up to 35 coats of enamel. The artist then hand paints all of the details onto each model. The final product is a beautiful authentic wooden aircraft which is fully built and finished and packed in a strong shipping carton. Every model has its own desk stand. All the propellers are made of wood and will rotate. Some of the jets have movable swing wings, also made of wood. Length: 25 Width: 10 Height: 3
