

Mini BladeRunner Indoor Radio Control Helicopter

Category:

Interactive Radio Control Indoor Helicopters

Product Name:

Mini BladeRunner Indoor Radio Control Helicopter

Product Movie URL:

<http://www.flyingtoys.co.uk/video/vrescue.html>

Product Description:

The Mini Bladerunner indoor radio control helicopter is almost half the length of its bigger brother, the Bladerunner II. The Bladerunner rc Rescue Helicopter offers precise performance for flying in a restricted indoor area, and can be in the air for up to 10 minutes before needed to be charged. The LiPo battery which comes fitted in the Bladerunner Rescue Helicopter only takes 20 minutes to charge using the supplied charger. Interactive has taken indoor R/C helicopter flight to the next level, this time the Rescue Helicopter is even easier to fly than its larger counterpart, with contra-rotational blades and 2 channel fixed forward movement allow you to take off, land, turn left and right and even hover under full control. It comes in the color black. Manufacturer: Interactive Model: A61211 Mini BladeRunner Indoor Radio Control Helicopter
