Product Description:

The Caldercraft Fifie Amaranth is the latest mini fleet model boat kit from Caldercraft. Originally rigged with a dipping lugsail these sailing drifters were later converted to use the much more efficient oil engines that became available during the early 20th century. This kit is based around a one-piece vac formed hull. CNC cut ply parts together with many cast white metal and other deck fittings propshaft propeller plan and full building instructions make this kit an ideal introduction to the world of ship modelling. Kit Contents: One piece fully trimmed ABS hull CNC cut sub deck and bulkheads CNC cut boat stand CNC cut wheel house CNC cut servo tray Screen-printed deck Screen-printed hatches 80+ white metal fittings Vac formed dinghy Pre stitched sail Wooden rigging blocks Prop shaft & propeller Comprehensive instruction book Full size plans Exploded drawings for major structures Manufacturer: Caldercraft Model: 7010 Fifie Amaranth Scale: 1/40 Length: 600mm
