Product Description:

The Venom Night Ranger 3DXL RC Helicopter RTF comes ready to fly and is an excellent choice for advanced helicopter pilots. It is a one box purchase with everything needed to get you flying including the helicopter, radio control unit, battery and charger.~Venom Air Corps Night Ranger 3DXL is a high performance Ready-to-Fly Collective Pitch (CP) Aerobatic Electric Helicopter for indoor flying and outdoors on calm days. At about 610 grams, the Venom Night Ranger 3DXL will fly for 5-8 minutes on the 11.1v 10c 3s 1500mah LiPO battery, depending on the type of flight. Although the Venom Night Ranger 3DXL is not difficult to operate, it does take more skill and practice to master than a fixed pitch helicopter. The Night Ranger 3D XL comes with a brushless motor and ESC and a belt driven tail rotor to make this R/C helicopter one of the best.
