Product Description:

The Revell Star Wars Y-Wing Fighter Easykit is a plastic Star Wars model accurately recreating the Republic Gunship from the Star Wars motion picture series. This plastic Star Wars kit does not require either paint or glue to complete. Kit includes 1 figure and movable turret. The Y-wing Starfighter is regarded as one of the most durable and reliable fighters in the galaxy. Specially designed for close combat and developed as an attack fighter and bomber, the Starfighter is also suitable for escort duty. The armament primarily consists of laser cannon and a rotary ion cannon, but this can be varied to include proton torpedoes and bombs.
