Product Description:

The Silverlit Palm Z Radio Control Micro Plane is probably the Worlds smallest R/C plane, and as always Silverlits innovative design guarantees flying fun for hours. Like the Silverlit X-Twin range, the Palm Z is made from EPP foam, making it exceptionally hardy to those heavy landings. The Palm Z comes in three styles, each on a separate band, allowing you to fly up to three Silverlit radio control planes at any one time. Also comes with a red LED flashing light, and at only eight inch, has spectacular performance in the smallest of spaces. The Silverlit Palm Z comes completely ready to fly, with a single powerful micro-motor driving a geared pusher prop. The Palm Z comes with a built in LiPo battery giving you flight times of 5 minutes or more, and better still the Palm Z can be charged using a portable charger provided. The Silverlit Infra Red Palm Z comes highly recommended for indoor mini pylon racing or formation flying with your friends. Manufacturer: Silverlit Model: SE85659 Palm Z Colour: Three Styles

Product Specification:

Silverlit Palm Z Technical Specification
Product Dimensions: Wingspan 200mm (8"). Length 175mm (7") Product Weight: Only 7g, including Flight Battery.
