Product Description:

The Picoo Z Pinki Remote Control Micro Helicopter is the smallest and lightest r/c helicopter in the world. Still only 17cms long, and weighing an unbelievable 10 grams, the amazing new Picoo Z Pinki helicopter is inherently stable and easy to fly in the smallest of spaces, and is fantastic fun for all the family. This rc helicopter is supplied completely ready-to-fly with an innovative pre-installed two channel proportional wide beam infra red control system, the lightweight Lithium Polymer flight battery will provide flights of up to 10 minutes between charges, yet can be recharged in less than half an hour with the portable charger provided. The inexpensive Picoo Z Micro Pinki helicopters from Silverlit is remarkably robust, made of tough expanded Polypropylene foam, features an LED strobe light for flights in the dark, and incorporates an auto stability system to make it easy to operate, both indoors and outside in calm conditions. We highly recommend the Silverlit Picoo Z Pinki which is sure to be a big seller in 2008. Manufacturer: Silverlit Model: SE85721 Picoo Z Pinki
