

Rascal 1/16 Nitro Truck Red RTR

Category:

Schumacher Nitro Radio Control Cars

Product Name:

Rascal 1/16 Nitro Truck Red RTR

Product Movie URL:

Product Description:

The Schumacher Rascal 1/16 radio control mini monster truck is another industry first from Schumacher, with a powerful .18 size engine and CNC pipe packed into a micro 1/16th rc truck, the performance is outstanding! The Schumacher Rascal uses standard size radio equipment and industry standard buggy tyres, so the options are endless. Because of it's size the Rascal will out accelerate most big monster trucks and with its agile handling it's great fun to drive. With its four wheel independent suspension and oil filled shocks the Rascal is not afraid of the rough stuff either. A full range of 'Speed Secret' option parts available including a 2 speed transmission. Features Power Source: Nitro Model Type: 2WD off road Length: 300mm Width: 200mm Top Speed: 40 MPH+ Build State: RTR Manufacturer: Schumacher Model: K065 Rascal Monster Truck Red RTR Scale: 1/16 Colour: Red
