Product Description:

The Creative Master Alexander Royale Volvo Olympian Lothian Buses, Edinburgh is a diecast bus model in 1/76 scale of Lothian Buses fleet number 431 (P431 KSX). The route 15/15A runs from Tranent, in East Lothian, near the southern banks of the Firth of Forth, through Edinburgh City centre into Midlothian and the town of Penicuik in the Pentland Hills. The model features the latest Day Ticket and Direct Debit banners that applied from 1st April 2007. Lothian 431 had previously carried the rear Direct Debit banner in a unique location among all Olympians in the fleet. UK4011 is a one-piece casting whose clean lines accentuate the gasket windows and livery application on which all logos and lettering are clearly legible. Another main feature on the UK4011 model is its extensive handrails on both upper deck and lower deck. It is one of the significant achievements on this new casting. The rectangular headlight and indicator units at the front are made of individual components to look more realistic. UK4011 is the latest model in the CMNL Lothian Buses collection.
