

# Ancient Fighting Machines Ballista

Category:

Interplay History Kits

Product Name:

Ancient Fighting Machines Ballista

Product Movie URL:

Product Description:

The Interplay Ancient Fighting Machines Ballista can be built into a working replica of the infamous Roman Ballista, the fore-runner of the crossbow. See how force is created by tensioning tendons (string) to fire missiles over long distances. This weapon was used extremely effectively in the Roman invasion of Britain to repel the Celtic hordes and over-run their hill forts. Manufacturer: Interplay Model: 004 Ancient Fighting Machines Ballista
