Product Name:

Ferrari 550 GTS Maranello

Product Movie URL:

Product Description:

The SCX Ferrari 550 GTS Maranello is a SCX Digital System compatible slot-car. The model replicates all the detail of the original car in detail. The Ferrari 550 GTS Maranello was first past the post in 20 FIA GT Championship events. BMS Scuderia Italia, with Matteo Bobbi and Gabriele Gardel, won the championship in both 2003 and 2004. The Ferrari 550 GTS Maranello is a high quality SCX Digital System slot-car, fitted with a RX-42 motor with rear wheel drive. The Car has A.R.S Guide blade with suspension, a removable and adjustable magnet and high intensity headlamps (Xenon effect). The car is also fitted with working brakes and the chassis tilts to improve cornering ability. This item comes highly recommended for use with the SCX Digital System. Manufacturer: SCX Digital Model: 13070 Ferrari 550 GTS Maranello
