

# 1/8 Nitrage 5.2 Kit

Category:

Tamiya 1/8 Nitro Monster Trucks

Product Name:

1/8 Nitrage 5.2 Kit

Product Movie URL:

Product Description:

The Tamiya Nitrage 5.2 radio controlled monster truck kit has been released as a follow-up to the 1/8 XBG Nitrage 5.2 that was released earlier this year. Tamiya brings you the assembly kit version of this awesome glow engine racing truck. This assembly model is designed for those intent on building a nitro car themselves. About the Tamiya Nitrage 5.2 1/8 scale glow engine racing truck on a high-performance shaft-driven 4WD chassis. FR-32FX 5.2cc engine provides monster power at your fingertips. Press-molded durable aluminum deck protects internals while saving weight. Modular construction and universal screw heads allows easy maintenance and modification. "Direct Servo Mount" design directly connects the servos to gearboxes for precise control. Differential gear is doubly enclosed to protect the internal parts from dirt and grime. Aluminum slipper clutch is also a feature no other competitor has. 4-wheel independent suspension features 4 large capacity oil dampers, the same type used on the TNX 5.2R. Eye-catching clear body shell is made from durable polycarbonate material. Create your own custom paint scheme with Tamiya Polycarbonate Spray Paints. Stylish rear wing with double splitter attaches directly to the chassis, making the Nitrage easily distinguishable even with the body removed. Tamiya Nitrage 5.2 requires: Radio: 2-Channel with servo(s) Battery: 4 AA for Receiver Fuel: Nitro Glow Fuel Starting Equipment: Glow Starter Paint: Polycarbonate for spare body Misc. Items: Building and track equipment Manufacturer: Tamiya Model: 44050 Nitrage 5.2 Scale: 1/8
