Product Description:

The Scalextric Chaparral 2F is a new release for 2008. Scalextric has modeled the only surviving 2F, which is still owned by Jim Hall. It was recently demonstrated at the 2005 Monterey Historic Races and at the famous Goodwood Revival meeting in 2006. The model is finished in a very pure white with the correct decal livery. This scalextric car features the easyfit digital plug system, quick change guide braid plate, working lights front and rear as well as a detachable rear wing.
