Radio Control Airships

Product Name:

Turbo Blimp 3 Channel 27Mhz

Product Movie URL:

Product Description:

The Turbo Blimp 3 Channel 27Mhz radio control airship measures 51" (1275mm) in length with a 3 channel radio control system featuring additional Thruster for precise manoeuvrability. The remote control airship pilot can achieve amazing indoor flying action with these multifunction radio controlled indoor airships. The rc blimp incorporates two or more powerful micro motor jet thrusters for complete control over speed and direction, even 360 degree turns. The easiest way to learn to fly ever! Includes: Multifunction R/C Transmitter/Receiver (Pre-installed). Micro motor jet thrusters. Refillable Helium Blimp Balloon and instruction manual. Required: 1 x 9v 6F22 Alkaline battery for transmitter and 1 x CR 123A 3v Lithium battery for module. WARNING: Helium is an Inert gas. Do not substitute for hydrogen that is highly flammable. Do not fly outdoors or your blimp will be lost! Manufacturer: Interactive Model: A4020 Turbo Blimp 3 Channel 27Mhz
