

1/35 Leopard 2A5

Category:

Tamiya RC Tanks

Product Name:

1/35 Leopard 2A5

Product Movie URL:

Product Description:

The Tamiya Leopard 2A5 in 1/35 scale is an RC tank model kit. This kit is a Full Option Set that includes gearbox, motors, transmitter and also receiver unit. While certain parts such as wheels and sprockets have been converted into R/C adapted parts, most exterior parts like the upper hull and turret are kept the same as in the Military Miniature static model Series Leopard 2 A5 (35242). Thus, the R/C Leopard retains the same level of detail and precision as its static counterpart. Manufacturer: Tamiya Model: 48204 Leopard 2A5 Scale: 1/35
